

## AMENDMENT

### **In the Specification:**

Please add Rolf A. Brekken as an inventor to the listed inventors on this application.

## PETITION

The inventive entity in the executed declaration in the above-referenced nonprovisional application was set forth in error and such error arose without any deceptive intention on the part of the person who through error was not named as an inventor, and without any deceptive intention on the part of all others concerned. Applicants therefore petition to amend the inventorship of the application to name the actual inventors under 37 C.F.R. § 1.48(a).

The elements required to satisfy 37 C.F.R. § 1.48(a) are included. Namely, (1) the present request that sets forth the desired inventorship change, *i.e.*, the addition of Rolf A. Brekken as a joint inventor; (2) a statement by Rolf A. Brekken that his omission as a co-inventor occurred without deceptive intent on his part (also executed by Philip E. Thorpe and Sophia Ran); (3) a new inventors' Declaration executed by each of actual inventors; and (4) a check for \$130, to cover the processing fee prescribed in 37 C.F.R. § 1.17(i).

As an Assignment was executed by the original named inventors, the consent of the Assignee to the addition of Rolf A. Brekken as a joint inventor is also enclosed. An Assignment from Rolf A. Brekken to the same Assignee has also been submitted for recordation.

Should the check be inadvertently omitted, or should any additional fees under 37 C.F.R. §§ 1.16 to 1.21 be required for any reason relating to this document, the Assistant Commissioner is authorized to deduct any necessary fees from Williams, Morgan & Amerson, P.C. Deposit Account No. 50-0786/3999.002383.

The Petition is therefore in order and should be granted. Should the Office require any additional information under 37 C.F.R. § 1.48(g), a telephone call to Applicants' undersigned representative is earnestly solicited.

Respectfully submitted,
